

NAC LPT SNAPSHOT

Radioactive Packaging Solutions

SMARTER, SAFER, INNOVATIVE SOLUTIONS

Why NAC LPT? NAC LPT has unparalleled experience in the characterization and packaging of various waste streams. Our expertise enables us to supply custom-tailored packaging solutions to fit your project. We'll handle your most challenging jobs, every time.

IP-1 FLEXIBLE PACKAGING

We can design and provide liftable bags and flexible packaging solutions custom-tailored to meet your specific project needs.

IP-1 INTERMODAL CONTAINERS

- 25 CY and 32 CY
- Roll-off Compatible
- Intuitive Closure Systems
- Proven Reliability
- Aluminum Lids for Easy Handling

LIDDED IP-1 GONDOLA RAILCARS

We own and maintain a fleet of lidded IP-1 gondola railcars for project locations and transload sites that are rail served.

OPTIMUS CASK SYSTEMS

Type A and Type B Shipping Casks

TYPE-A PACKAGING

With our parent company, NAC International, and our strategic partnerships, NAC LPT can provide Type A packaging solutions for intermodal containers, sea-lands, B-25s, B-12s, drums, and casks.
